TABLETOP EXERCISE

SONOMA

Situation Manual

Exercise Scope

- This is a six-hour, discussion-based exercise
- The tabletop exercise follows the Homeland Security Exercise and Evaluation Program (HSEEP) methodology and documentation

Homeland Security Exercise and Evaluation Program (HSEEP)

April 2013

TABLETOP EXERCISE

Exercise Purpose

To review and vet the relationship of the *RCPGP Regional Catastrophic Earthquake Donations Management Plan* to the Federal, State, and local plans that address donations management.

TABLETOP EXERCISE

ANTA CLARA

Exercise Guidelines

- This exercise will be held in an open, low-stress, nofault environment. Varying viewpoints, even disagreements, are expected.
- Respond to the scenario using your knowledge of current plans and capabilities (i.e., you may use only existing assets) and insights derived from your training.
- Decisions are not precedent setting and may not reflect your organization's final position on a given issue. This exercise is an opportunity to discuss and present multiple options and possible solutions.
- Issue identification is not as valuable as suggestions and recommended actions that could improve response efforts. Problem-solving efforts should be the focus.

Mission Areas

- Response
- Recovery

Core Capabilities

Public and Private Services and Resources
Operational Coordination

TABLETOP EXERCISE

TANTA CT ARE

Overarching Exercise Objectives

 Review the Plan to vet and align Federal, State, and local government

 Roles & Responsibilities
 Notification & Activation Procedures

ANTA CO ARE

Overarching Exercise Objectives (cont'd)

- Discuss critical elements identified during Golden Guardian 2013
- Identify gaps, develop recommendations for adoption of RCPGP Plans as Annexes to RECP and local EOPs

TABLETOP EXERCISE

ANTA CLARK

Objectives for this Exercise

- 1. Review the roles and responsibilities of critical agencies and organizations identified in the *Regional Catastrophic Earthquake Donations Management Plan*.
- 2. Review and assess the communication and coordination capabilities for donations management at all levels of government, non-governmental organizations, and the private sector involved in donations management.

Module 1: Comprehensive Plan Review

Plan Relationships

OES

Emergency Plan Relationships

Federal ► State ► Region ► Operational Areas ► Local Governments

Donations Management Plan Relationships

Federal > State > Region > Operational Areas > Local Governments

National Response Framework (2008) and (2013)

National Response Framework

SANTA CLARA

Second Edition May 2013

Becurity

- Guidance for national response to all types of disasters and emergencies
- Built on NIMS to be scalable, flexible, and adaptable.
- Incorporates "Whole Community" preparedness concept into 2013 version
- One of five planning mission area frameworks: Prevention, Protection, Mitigation, Response, and Recovery

http://www.fema.gov/library/viewRecord.do?id=7371

Emergency Support Function (ESF) Annexes

- 15 annexes to the NRF that describe the capabilities of Federal departments and agencies and other national-level assets by function
- Annexes define primary and supporting federal organizations and responsibilities
- No ESF for Volunteer and Donations Management

http://www.fema.gov/national-preparedness-resource-library

Volunteer and Donations Management Support Annex (2008)

- DHS/FEMA is the Coordinating Agency
- USDA, HHS, DHS, DOT, CNCS,GSA, USAID, NVOAD, USA Freedom
 Corps are Cooperating Agencies
- Annex applies to all agencies and organizations with direct or indirect volunteer or donations responsibilities under the NRF

IN DENITO

Volunteer and Donations Management Support Annex			
Coordinating Agency:	Cooperating Agencies:		
Department of Homeland Security/Federal Emergency Management Agency	Department of Agriculture Department of Health and Human Services Department of Homeland Security Department of State Department of Transportation Control Automation Service General Services Administration U.S. Agency for International Development USA Freedom Corps National Voluntary Organizations Active in Disaster		

Purpose

The volunteer and Donations Management Support Annex describes the coordination processes used to support the State in ensuring the most efficient and effective use of unafilited volunteers, unafiliated organizations, and unsolicited donated goods to support all Emergency Support Functions (ESFs) for incidents requiring a Federal response, including offers of unafiliated volunteer services and unsolicited donations to the Federal Government.

Scope

This anexe provides guidance on the Federal role in supporting State governments in the management of masses of unafflitted volunteers and unsolicited domated goods. (Any reference to volunteer services and donated goods in this annex refers to unaffliated volunteer services¹ and unsolicited goods, unless otherwise stated.) This guidance applies to all agencies and organizations with direct and indirect volunteer and/or donations responsibilities under the *National Response Framework*.

Policies

The goal of volunteer and donations management is to efficiently and effectively support the affected jurisdictions in close collaboration with the voluntary organizations/agencies, in an effort to manage the overall influx of offers of goods and services to the Federal Government, States, tribes, local governments, voluntary agencies, and other entities before, during, and after an incident.

The Federal Government encourages State, tribal, and local governments to coordinate with voluntary agencies, community and faith-based organizations, volunteer centers, and privatesector entities through local Citzen Corps Councils and local Voluntary Organizations Active in Disaster (VOADs) to participate in preparedness activities including planning, establishing appropriate roles and responsibilities, training, and exercising.

Unaffliated volunteers, also known as spontaneous volunteers, are individuals who offer to help or self-deploy to sassit in energency situations without fully coordinating their advices. They are considered "unaffliated" in that they are on part of a destine relief organization. Although unaffliated volunteers can be significant resources, because they do not have spreatabilised relationships with energency response organizations, verifying their training or codentials and matching them with the sproying tervice areas can be difficult.

Volunteer and Donations Management Support An

http://www.fema.gov/pdf/emergency/nrf/nrf-support-vol.pdf

TABLETOP EXERCISE

Volunteer and Donations Management Support Annex (cont'd)

 Describes coordination processes used to support the State to ensure efficient and effective use of unaffiliated volunteers, affiliated organizations, and unsolicited donated goods to support all ESFs for incidents requiring a Federal response Includes a concept of operations describing roles and responsibilities for pre-incident and

response activities.

State of California Emergency Plan (SEP) [2009]

- Provides the overall framework for State, Federal, local, and Tribal governments, and the private sector to work together to mitigate against, prepare for, respond to, and recover from the effects of emergencies and disasters
- Conforms to requirements of Emergency Services Act, SEMS, NIMS, and the NRF

http://www.calema.ca.gov/PlanningandPreparedness/P ages/State-Emergency-Plan.aspx

TABLETOP EXERCISE

ANTA CLARK

California Emergency Function (EF) Annexes (2013)

- SEP establishes 18 CA-EFs and lead agencies for each
- Each CA-EF represents an alliance of public and private sector stakeholders who possess common interests and share responsibilities for emergency management functions
 - Intended to operate across the five mission areas: Prevention, Protection, Mitigation, Response, and Recovery and emergency management phases

http://www.calema.ca.gov/PlanningandPreparedness/Page s/Emergency-Functions.aspx

SF Bay Area Earthquake Readiness Response: Concept of Operations Plan (2008)

- Describes the joint response of the State and Federal governments to a M 7.9 earthquake on the San Andreas Fault in the Bay Area
- Does not describe the specific response efforts of these entities, but does describe the resources that will be deployed by the Federal government

http://www.calema.ca.gov/PlanningandPreparedness/Pages/Catastrophic-Planning.aspx

PANTA CI ARA

AN DENT

SPATERC.

California Catastrophic Incident Base Plan: Concept of Operations (CONOP) [2008]

SPATERC.

- Establishes a concept of operations for the joint Federal-State response to, and recovery from a catastrophic incident in California
- Identifies the joint State/Federal organization and operational framework that supports affected Operational Areas and local governments in the incident area

http://www.calema.ca.gov/PlanningandPreparedness/Page s/Catastrophic-Planning.aspx

CONOP (cont'd)

- Describes integration of Federal resources into State-led response to a catastrophic incident to achieve unity of effort
- Does not change the fact that all requests for Federal assistance be made through the State consistent with protocols and procedures established under SEMS
- Assumes formation of UCG to consolidate operational elements of the REOC, SOC, and IMAT at the JFO

Unified Coordination Group Objectives

- Provide leadership for agencies to work together with common objectives to ensure that the management of the incident response is effective
- Ensure that all decisions are based on mutually agreed-upon objectives, regardless of the number of agencies or jurisdictions involved
- Ensure that regional and state-level functions are into the JFO in a manner transparent to local and Operational-level authorities

Regional Emergency Coordination Plan (RECP) [2007]

- Provides all-hazards framework for collaboration and coordination among responsible entities
- Defines procedures for regional coordination, collaboration, decisionmaking, and resource sharing
 - Describes the formation of and roles and responsibilities of a Regional Coordination Group (RCG)

٨	a start		creation	- r -		
A	ITT	orizes	creation	ΟΤ	IACK	FULLER
	uu	UIIZCJ	Cication		IUSK	
5 3						

Consists of Base Plan and nine Subsidiary

Plans

http://www.calema.ca.gov/RegionalOperations/Pages/Plans-for-Coastal-Region.aspx

RCG – General Description

- May be convened by REOC Director to provide guidance on decisions regarding the allocation of resources and coordination of response activities
- Consists of relevant Branch Coordinators of the REOC Operations Section, Operations Section Chief, REOC Director, Operational Area representatives, and SMEs

Meetings held by conference call or videoconferencing

RCG – Purpose

- Allows the REOC Director to initiate a dialogue with Operational Area EOC Directors
- Gives Operational Areas opportunity to provide input for important decisions
- Focuses on allocation of resources, key decisions, and unmet Operational Area priorities
- Intended to address specific local government priorities and resource gaps

RCG – Coordination Calls

- Usually at the initiation of response operations to establish contact with Op Area EOC Directors
- When necessary to focus on a specific topic
- When situation dictates regular contact
- When one or more Op Area EOC Directors requests that the group be convened (subject to approval by REOC Director or designee)

Regional Task Forces

- Convened by REOC Director to address complex, multi-disciplinary issues
- Composed of local, State, Federal, and NGO representatives
- Activated when immediate solutions required
- Analyses and recommendations go to REOC Director or to the RCG

SANTA CLARA

RECP Subsidiary Plans

- Support the RECP Base Plan by providing functionspecific frameworks for coordination among the Coastal Region REOC, Coastal Region Operational Area EOCs, and the State Operations Center
- Provide an overview of the roles and responsibilities of agencies responsible for specific functional activities and specific guidance for the REOC in the event of a regional emergency
- There is no subsidiary plan for Donations Management

http://www.calema.ca.gov/RegionalOperations/Pages/P lans-for-Coastal-Region.aspx

Recovery Subsidiary Plan

- Applies to 90-day period following a disaster
- Describes the transition from response to recovery operations
- Establishes a Regional Recovery Task Force (RRTF)– led by a Governor-appointed chairperson
 - RRTF can create Working Groups
 - Plans address specific recovery issues, including housing

Regional Catastrophic Earthquake Donations Management Plan (2011)

MONTERE

- Provides a concept of operation for the SF Bay Area for the coordination of donations
- Addresses region-level donations coordination, specifically:
 - Coordination and communication
 - Resource management
 - Coordination with public information
 - Information management
 - Needs assessment
- Identifies roles and responsibilities, time-based objectives, and a response timeline

http://www.bayareauasi.org/resources/plans-reports?page=2

Operational Area Catastrophic Earthquake Donations Management Plans (2011)

- Provides guidance for donations management operations occurring within an Operational Area after a catastrophic earthquake
- Developed under the Regional Catastrophic Preparedness Grant Program as part of the same effort that developed the *Regional Catastrophic Earthquake Donations Management Plan*
 - Consistent with the *Regional Catastrophic Earthquake* Donations Management Plan
- Owned and maintained by the OAs and are annexes to their Emergency Operations Plan (EOPs)

Core City Catastrophic Donations Management Plans (2011)

- Developed for the City of San Francisco
- Oakland and San Jose aligned their plans with the counties of Alameda and Santa Clara
- Owned and maintained by the cities and are annexes to their EOPs

TABLETOP EXERCISE

RCPGP Donations Management Plan

ÖES

MONTERE

Plan Overview

Section 2 – Situation and Assumptions

Section 3 – Roles and Responsibilities

Section 4 – Priorities and Objectives

Section 5 – Operations

Section 6 – Operational Response Timeline

Section 7 – Plan Maintenance

TABLETOP EXERCISE

Purpose

- Scenario-driven, function-specific operations plan
- Describes actions of and coordination among government agencies and NGOs for managing donations
- Covers both in-kind and monetary donations
- Incident-specific plan but intended to be scalable

Regional Plan Scenario Catastrophic EQ: 7.9, San Andreas Fault

- Displaced households: 404,300
- People seeking shelter: 331,400
- 500,000 households without electricity
- 1.8 million households without potable water
- 7,000 fatalities
- 50 million tons of debris
- Over one million people requiring transportation assistance because of hazardous conditions or dislocation

Definitions

Donations

Refers to all donations, both monetary and in-kind

TANTA CT ARE

MONTERE

In-kind donations

Include all non-monetary donations:

 Donated goods, which may be bulk or non-bulk
 Donated services, which include professional services, use of facilities and real estate, and loaned equipment or vehicles

NGOs

Are non-governmental agencies

Grantmakers

- A subset of NGOs
- Include foundations and philanthropic organizations that disburse funds primarily to voluntary organizations

Service providers

Are 501(c)(3) organizations that provide disaster services to clients in the affected area

TABLETOP EXERCISE

Key Assumptions

- People affected by the disaster can use donations
- Voluntary organizations may need support provided by donations
- They (donations) will come
- The public wants to help and will find a way
- Cash is the preferred donation
 - Public information messaging is crucial
 - In-kind donations will come regardless

Key Assumptions (cont'd)

- Government relies on the expertise of NGOs
- Donations management extends into the recovery phase

TABLETOP EXERCISE

Time-based Objectives

- E to E+72 hours
 - Operational Priorities
 - Establish a donations management function in the REOC and assess the status of a donations management function in the SOC or JFO
 - Establish and maintain communications systems for donations management
 - Support early and consistent region-wide messaging and public information regarding donations

TANTA CI ARE

- E+72 hours to E+14 days
 - Operational Priorities
 - Implement systems and processes for receiving, tracking, prioritizing, and distributing donations
 - Support Operational Areas as they encounter operational and logistical issues managing donations
 - Integrate public and private sectors and NGOs for donations management operations

Assist in distribution of donations region-wide

SANTA CLARA

- E+72 hours to E+14 days
 - Operational Priorities (cont.)
 - Establish coordination with the donations management function at JFO
 - Develop regional solutions to widespread donations issues

TABLETOP EXERCISE

- E+14 days to E+60 days
 - Operational Priorities
 - Continue to implement the systems and processes for managing donations
 - Collaborate with NGOs and government agencies to integrate data on donations
 - Report to the public on distribution of monetary donations
 - Continue to issue public information

- E+14 days to E+60 days
 - Operational Priorities (cont'd)
 - Identify and track unmet needs
 - Plan for transitioning to long-term recovery

ANTA CLARK

Roles and Responsibilities

Key Government Agencies

Key NGOs

Incident Organization for Donations Management

- Donations Management Unit (DMU) in Logistics Section
- Staffed by Coastal Region and representatives of key organizations
- Assisted by Donations Coordination Team (DCT)
- Use of Regional Coordination Group (RCG) for decisions on allocation of scarce resources
 - Voluntary- and private-sector liaisons

Donations Management Organizational Structure at the **REOC**

MONTEREY

DMU Roles

- Serves as POC for donations management among Operational Areas, other regional entities, and the State
- Notifies key partner organizations and convenes a regional DCT
- Communicates and coordinates with voluntary- and private-sector liaisons

DMU Roles (cont'd)

- Communicates and coordinates with the RCG in regard to allocation of scarce donated resources in the region
- Provides donations-management-related information to the Procurement Branch leader for inclusion in REOC situation reports, action plans, and advance plans

DMU Roles (cont'd)

- Responds to resource requests from Operational Areas, including requests on behalf of long-term recovery organizations and long-term recovery committees
- Works with JIC to ensure timely, accurate, and consistent messaging to the public
- Coordinates information regarding resource needs gathered from multiple sources

REOC Donations Coordination Team (DCT) Roles

- Advises and assists the DMU
- Provides link from DMU to multiple entities for coordination of donations
- Communicates/coordinates with State DCT
- Conducts donations intelligence and plays other supportive roles

May convene in person, or via conference call, webinar, video conference technology

DMU Functions

- The DMU is tasked with five functions:
 - Coordination and communication
 - Resource management
 - Coordination with public information
 - –Information management
 - Needs assessment

ANTA CLARK

Communication and Coordination

- With government
 - REOC Logistics Section
 - OA DMU or Logistics Section
 - SOC Donations Unit
- With NGOs, including
 - NorCal VOAD
 - Disaster relief organizations
 - Private sector, CRA, BOC
 - Philanthropic organizations, FBOs, 2-1-1

Resource Management

- Requesting, brokering and tracking of resources
- Response to OA mission tasking requests
- Identification of resources through REOC and State agencies
- Identification of NGO resources

TABLETOP EXERCISE

Coordination with Public Information

- Coordinated through State's JIC
- Provide accurate and up-to-date info about what and how to donate
- Utilize public messaging templates
- Use appropriate and accessible formats
- Coordinate closely with OA PIOs and key voluntary organizations

Information Management

- Collection, compilation and sharing of data
- Information types:
 - Quantified unmet resource needs for funds, goods and services
 - Number and locations of open warehouses
 - Number and locations of goods distribution points
 - Populations being served and access and functional needs being encountered

Information Management (cont'd)

- Gathering of information from OA
 Volunteer Coordinators and other sources
- Information sharing with REOC, SOC, and other agencies

ANTA CLARK
Needs Assessment

- DMU coordinates information regarding resource needs
- Information gathered by DMU and DCT from variety of sources
- DMU establishes, maintains and updates list of needed and unneeded and goods
- DMU shares needs list on timely basis with media and other key stakeholders

Recovery

- Donations activities and issues continue well into long-term recovery
- During recovery, government agencies may need to:
 - Communicate and coordinate with NorCal VOAD
 - Support local efforts to establish long-term recovery organizations
 - Support provision of long-term storage of goods
 - Communicate and coordinate with grantmakers

Key players for donations coordination – changes and additions

> Capacity for donations coordination at all SEMS levels

> > Coordination amongst government and many different non-governmental organizations

TABLETOP EXERCISE

Module 2: Tabletop Discussion

Objective 1

Review the roles and responsibilities of critical agencies and organizations identified in *Regional Catastrophic Earthquake Donations Management Plan.* [E+72 hours]

(45-minute discussion)

Scenario and questions can be found on

page 23 in your SitMan

TANTA CT ARE

Objective 2

Review and assess the communication and coordination capabilities for donations management at all levels of government, non-governmental organizations (NGOs) and the private sector involved in donations management. [E+72 hours] (45-minute discussion)

Scenario and questions can be found on page 24 in your SitMan

TANTA CI ARE

BREAK – 15 Minutes

Objective 2 (cont'd)

Review and assess the communication and coordination capabilities for donations management at all levels of government, non-governmental organizations (NGOs) and the private sector involved in donations management. [E+72 hours to 14 days]

(45-minute discussion)

Scenario and questions can be found on page 25

of your SitMan

Completion of Module 2: Tabletop Discussion

Hot Wash

- 1. What are the strengths identified today?
- 2. What are the key areas of improvement identified today?
- 3. What are the recommendations?

Additional thoughts – Exercise Design
1. What did you like about the exercise?
2. Suggested changes?

Next Steps

- Complete Participant Feedback Forms
- Analyze today's information
- Draft After-Action Report for review
- After-Action Conference Call
- Final After-Action Report and Improvement Plan
 - Cal OES adoption of the Regional Catastrophic Earthquake Donations Management Plan

Closing Comments

THANK YOU!

Please leave your completed Participant Feedback Forms on the tables.
